INTERNATIONAL OLYMPIAD

2023- 24

Journey to Inspire, Innovate
& Discover.

Prologue - IATSAT

Dear
Champions of Transformation!
"Empowering Education for a Transformed Tomorrow"

IATSAT is on a mission that resonates deeply with the principles enshrined in the National Education Policy (NEP) 2020. We are resolutely committed to erasing the barriers of language in education. Our dedication shines through in our tireless efforts to craft and deliver top-notch educational resources in a multitude of regional languages. Our goal is clear: to empower students with the means to excel academically while preserving their cultural heritage.

Recognizing the pivotal role of educators, we are unwavering in our pursuit of setting new standards in teacher education and training. Our holistic training programs and continuous professional development opportunities are designed to equip teachers with the skills they need to embrace innovative teaching methods, harness the power of technology, and cater to the diverse learning needs of their students.

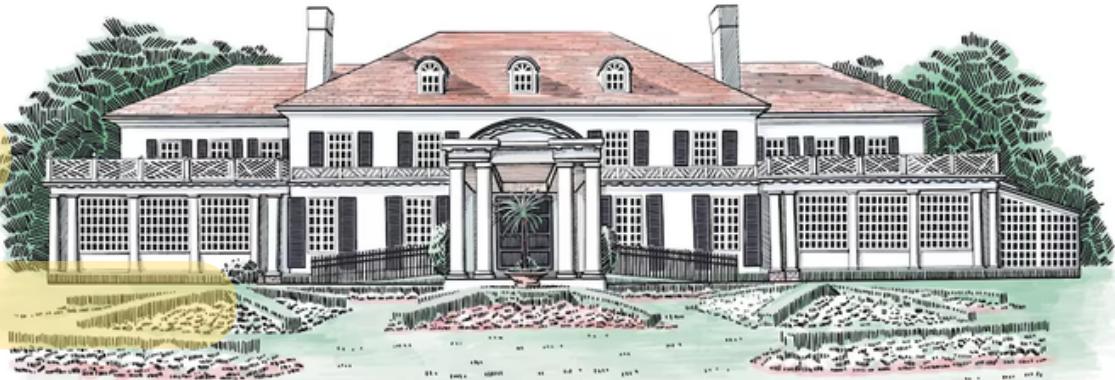

In our vision of an educational renaissance, school leaders are the architects of excellence. We are building a robust Global Network of School Leaders, a powerful platform for the exchange of knowledge, collaboration, and the sharing of best practices. Through mentorship and access to invaluable resources, we empower school leaders to create transformative educational environments that elevate the quality of education in their institutions.

IATSAT is fervently dedicated to catalyzing positive change in the educational landscape. Aligned with the NEP 2020, our mission seeks to leave an indelible mark on 21st-century education. Together, let's embrace a future where every student is embraced by equal opportunities to thrive and succeed.

Mr. Ravin Dutt
CEO FOUNDER
IATSAT

ABOUT US

"IATSAT, born from the One Alphabet Educational Foundation, stands as the world's pioneering EduTech company in India and Australia, fueled entirely by philanthropy. Our core mission is to spearhead innovation in education and foster social development."

At IATSAT, we empower students to compete at their educational level with clarity of concepts. Our approach helps identify each child's capabilities and real potential, enabling them to thrive in today's competitive world. Through our Olympiads, we inspire students to pursue a deeper understanding of scientific and rational facts, enhancing their reasoning, analytical, and problem-solving skills. Our forward-thinking design prepares students not only for our Olympiad but also for future competitive exams.

.

Provide affordable education to every student of last sector of society by 2035.

Aim to transform India with resource-based learning.

Implementing Objective based methodologies.

ABOUT OLYMPIAD

"Transforming Education Through Inclusive Olympiads"

Olympiads and competitions in various subjects will be organized nationwide, with a well-defined structure from school to local, state, and national levels. This inclusive approach ensures that all qualifying students have the opportunity to participate at their appropriate level. Initiatives will be taken to extend these opportunities to rural areas and offer them in regional languages to encourage broad participation. Furthermore, public and private universities, including prestigious institutions like IITs and NITs, will be encouraged to incorporate the merit-based results from National and International Olympiads, as well as results from other relevant national programs, into their undergraduate admissions criteria. (NEP Paragraph 45)

"IATSAT is committed to nurturing a community of individuals who embrace lifelong learning, exhibit responsible global citizenship, and emerge as champions of their personal success."

NATIONAL LEVEL

Junior Olympiad (Grade 3-8)

Young Mind Olympiad (Grade 9-12)

INTERNATIONAL LEVEL

Junior Olympiad (Grade 3-8)

Young Mind Olympiad (Grade 9-12)

"WHY CHOOSE IATSAT OLYMPIAD?

- 1**
- 2**
- 3**
- 4**
- 5**
- 6**

Sharpen students' analytical acumen.

Participating at the national and international levels provides students with invaluable exposure and a boost in confidence.

The questions in the IATSAT International Olympiad serve as a tool to reinforce students' understanding of the subject matter.

Challenge students' intellectual prowess to foster a profound grasp of concepts.

Identify learning gaps.

Competing at National and International level provides students' a different volume of exposure and confidence.

OLYMPIAD DETAILS

Olympiad - Level 1 State Level

- 1.- Level 1 takes place at the school level, involving participation from students across different schools.
- 2.- The top 20% of qualified students from Level 1 will advance to Level 2, known as the Zonal Level.
- 3.- Level 2 comprises two phases:
 4. - Phase I is for students from Grade 3 to Grade 8.
 5. - Phase II is for students from Grade 9 to Grade 12.

For Registration click on the Registration Link:
<https://iatsat.in/student-registration-form/>

Date of Exam: 6-10th November 2023

Olympiad - Level 2

Zonal Level

- 1.- **Level 2 brings together chosen students for competition at the Zonal level.**
- 2.- **The top 20% achievers from Level 2 earn the privilege to advance to Level 3, which is the National Level.**
- 3.- **The National Level examination is further divided into two phases, one for Grades 3-8 and another for Grades 9-12.**

Date of Exam: 9-10 Dec 2023

Olympiad - Level 3

National Level

- 1.- Level 3 marks the stage of national-level competition, where a handpicked group of students will face off.
- 2.- Distinguished by their exceptional performance, the top 20% achievers at Level 3 earn the prestigious opportunity to join the Level 4 examination, which represents the International Level.
- 3.- Staying true to the structure, the Level 4 exam is divided into two phases, tailored for Grades 3-8 and Grades 9-12 respectively.
- 4.- At this elevated stage, students will be strategically grouped to heighten the intensity of the competition.

Date of exam: 9-10 January 2024

Olympiad - Level 4

INTERNATIONAL Level

- 1.- In Level 4, only the top 20% of students who excelled in Level 3 will contend on the international stage.
- 2.- At this juncture, students will be grouped for the competition's dynamics.
